The impact of families  
on the opioid crisis

## Thursday Oct 19th

6:30-8:30pm  
702 Hyde Park  
Doylestown, PA

## Registration Required

No Fee  
Light Refreshments

## AMY MCCRARY

*Amy McCrary is a certified recovery specialist, certified coach, and public speaker with a passion to change the stigma of addiction along with supporting families and their loved ones affected by heroin addiction.*

*She was faced with the battle personally when her 19 year-old son struggled with the disease. In her presentation, Amy will walk the audience through the story of her son's normal, all-American childhood that gradually turned into a battle for his life. As she gradually unfolds his story and the dangerous and hidden pitfalls of trying to "just have fun" she illustrates how it can happen to anyone.*

## PAUL LAVELLA MA LPC LCADC ACS

*Paul Lavella is a Licensed Professional Counselor and Clinical Alcohol and Drug Counselor who passionately works with adolescents, adults and families working through substance use and related struggles.*

*He dedicates his time to educating professionals & communities about addiction, advocating for the needs of those seeking recovery, and empowering those who are on the journey toward wellness. Paul will discuss roles and symptoms that family members commonly experience while taking this journey with their loved one and highlight the importance of self-care for personal wellness.*
